# Re: REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY ON INTERRUPTIBLE LOAD AND DEMAND RESPONSE PROGRAMS FOR JANUARY 2017 AND RESUBMISSION OF AMENDED DECEMBER 2016 REPORT

Dear Mr. Randolph:

In accordance with Decision 09-08-027, Ordering Paragraph 39, please find attached to this email San Diego Gas & Electric Company's ("SDG&E") monthly reports referenced above. For the January 2017 report, SDG&E has made a change to the Program MW tab for the Summer Saver Program. SDG&E has been reporting "Devices" rather than "Accounts" in the Accounts column. Beginning with this report and going forward, SDG&E will report "Accounts". This is consistent with the other CA IOU's reporting of Accounts for their air conditioner programs.

SDG&E is also resubmitting the December 2016 monthly report (Served on January 23, 2017) in order to incorporate a few corrections. The number of accounts enrolled in December for the SCTD residential program and the PLS program on the Program MW tab were inadvertently omitted from the December report and are now included. The ex-post and ex-ante columns have been updated to reflect the number of enrolled accounts. In addition, three of the September event dates on the Event Summary tab were off by one day and have been corrected. These dates were correct in the October and November reports; the December report is cumulative so the October and November reports are not being resubmitted.

This report is being served on the most recent service list in Application 08-06-001, 08-06-002 and 08-06-003, 11-03-001, 11-03-002, 11-03-003, and R.13-09-011, and has been made available on SDG&E's website. The URL for the website is: <u>http://sdge.com/node/711</u>

If you have any questions, please feel free to contact me.

Sincerely,

/s/ Gregory Anderson

Greg Anderson Regulatory Case Manager I

Notes:

- PTR Residential - Effective May 1, 2014 per D.13-07-003. The number of Service Accounts reflect the cumulative PTR Residential customers who opt into the program.

- Permanent Load Shifting - SDG&E only reports projects that have been completed and the incentive has been paid.

- Effective May 2016, Capacity Bidding will report the number of nominations not enrollments.

#### Notes:

TA Identified MWs column: Represents identified MW for service accounts from completed TA in accumulative value (may or may not be enrolled in DR).

TA Identified MWs column: Per D.12-04-045, Technical Audits was only funded through 2012. Ordering Paragraph 74 per D.12-04-045 requested SDG&E to seek funding for Integrated Demand Side Management (IDSM) activities in their request for 2013-2014 Energy Efficiency funding. TI Verified MWs column: Represents verified MW for service accounts from completed TI (i.e. must be enrolled in DR) but not AutoDR in accumulative value; MW reported here not necessarily amount enrolled in DR.

TI Verified MWs column: Shall remain the same since the program design has changed to only allow Auto DR Technology to receive incentives.

AutoDR Verified MWs column: Represents verified/tested MW for service accounts from complete TI (i.e. must be enrolled in DR) and must be Auto DR in accumulative value.

Total Technology MWs column: Represents the sum of verified MW associated with the service accounts from the completed TI (i.e. must be enrolled in DR), including Auto DR and non-Auto DR.

<sup>1</sup> Correction to AutoDR Verified MWs : In the CPUC Monthly report filed October 21, 2016, for September the CBP TI AutoDR verified MWs reported was 12.9 MWs the actual number should have been 12.8 MWs. Reason for the correction was due to over reporting on 5 accounts. <sup>2</sup> Correction to AutoDR Verified MWs : In the CPUC Monthly report filed October 21, 2016, for September the CPP-D TI AutoDR verified MWs reported was 6.1 MWs the actual number should have been 5.9 MWs. Reason for the correction was due to over reporting on 5 accounts.

<sup>1</sup> Corrections to expenditures for BIP and CBP in August and September and for DRAM in September. The monthly incentives for these programs were not previously included in the files submitted on September 21st and October 21st. <sup>2</sup> In the month of September a total of \$160,970.43 charged to the 2015-2016 budget. Upon review of the charges it was determined that this charge should be applied to the 2012-2014 program budget. The Invoice and documentation provided is related to the California Institute of Energy and Environment (CIEE) Demand Response Research study during the 2012-2014 program cycle. November report will show the prior period adjustment to correct the overspend.

<sup>3</sup> November CPUC report listed the incorrect amount for LMEO expenses as a result of data entry. Corrected to relfect actual monthly expense from \$38,888 to \$25,581.

#### Notes:

<sup>1</sup> April and May expeditures were transposed and have been corrected.

<sup>2</sup> The Research line item Under the "Measurement and Evaluation" section, the October 2016 CPUC DR report reflected expenditures of \$160.9k in September 2016. The (\$160.9k) was reversed in November's 2016 CPUC DR report, since this expenditures reflects the expenditures related to the 2012-2014 Potential Study.

<sup>3</sup> AMDRMA Account End of Month Balance for WG2 reflects a net change of \$6k for the months January thru October to include prior period adjustments to reconcile with year-end balance.
