1 **UPDATE TESTIMONY OF SDG&E AND SOCALGAS**

2
3 **I. INTRODUCTION**

4 This exhibit presents the San Diego Gas and Electric Company (SDG&E) and Southern
5 California Gas Company (“SoCalGas” or “SCG”) (jointly “Utilities”) testimony for the update
6 phase of the 2016 Test Year (“TY”) General Rate Cases (“GRC”) Application (A.) 14-11-
7 003/004. These update changes address the areas of escalation, postage, medical benefits, and
8 taxes as well as their consequent changes to the Results of Operations (“RO”) Model and
9 Regulatory Accounts. Also included in the results of this update are changes agreed to by
10 SDG&E and SoCalGas during the course of discovery, in rebuttal testimony, or at hearings (see
11 Attachments F and G, Incorporated Changes).

12 This exhibit is organized into separately sponsored update testimony sections addressing
13 specific areas of update, pursuant to the California Public Utility Commission’s (“CPUC” or
14 “Commission”) Rate Case Plan established by Decision (D.) 89-01-040, as modified by D.93-07-
15 030 and D.07-07-004. Workpapers follow as attachments for the testimonies to which they are
16 associated with by witness.

17 //

18 //

1 **II. UPDATE TESTIMONY ON ESCALATION**

2 **A. UPDATE TESTIMONY OF SCOTT R. WILDER ON BEHALF OF SDG&E**
 3 **AND SOCALGAS – ESCALATION**

4 In accordance with the Commission’s Rate Case Plan, this testimony updates the SDG&E
 5 and SoCalGas proposed cost escalation factors. The Rate Case Plan specifically contemplates
 6 updates for “known changes in cost of labor based on contract negotiations completed since the
 7 tender of the Notice of Intent (“NOI”) or known changes that result from updated data using the
 8 same indexes used in the original presentation during hearings,” as well as “changes in non-labor
 9 escalation factors based on the same indexes the party used in its original presentation during
 10 hearings.”¹

11 The updated cost escalations shown here were developed using indexes from the 1st
 12 Quarter 2015 Power Planner forecast of IHS Global Insight’s Utility Cost Information Service
 13 published in May 2015.

14 Table SRW U-1 updates and replaces the escalations previously shown in Table SDG&E-
 15 SRW-2 of my original direct testimony, Exhibit 305 (SDG&E-33).

16 **TABLE SRW U-1: SAN DIEGO GAS & ELECTIC COMPANY**
 17 **SUMMARY OF ESCALATION COST INDEXES**

9
10 This concludes my prepared update testimony.

1 **B. UPDATE TESTIMONY OF HANNAH L. DEVINE ON BEHALF OF**
2 **SDG&E AND SOCALGAS – ESCALATION**

3
4 As a result of the escalation factors update presented by Scott Wilder, the Corporate
5 Center allocations to SDG&E and SoCalGas have been updated. The escalation approach used
6 by Corporate Center in this filing is two-fold:

- 7
8 1. Forecast all non-standard costs in 2016 dollars, and
9 2. Escalate all standard forecasts, stated in 2013 dollars, to 2016 dollars

10
11 The combined escalated forecasts are shown as final allocations to SDG&E and
12 SoCalGas for the 2016 Test Year. Both SDG&E and SoCalGas then treat these allocations as
13 non-standard, so they are not included in calculations for further escalation. This approach was
14 described in my direct testimony on PRW-8 of Exhibit 220 (SCG-19) for SoCalGas and Exhibit
15 222 (SDG&E-20) for SDG&E.

16 For purposes of this update, there was no change to the Corporate Center’s non-standard
17 cost forecasts. The impact of new 2016 escalation factors for standard cost forecasts is as
18 follows:

19 Used in Application Used in Update

20			
21	Non-Labor	1.0762	1.0435
22	Labor	1.0729	1.0728
23			

24 As described in the direct testimony, the Non-Labor factor is a simple average of electric
25 and gas indexes for Administrative & General (other than Federal Energy Regulatory
26 Commission, “FERC”, 926). The Labor factor is also an average rate of indexes used by
27 SDG&E and SoCalGas for professional, technical, managerial and administrative employees --
28 categories primarily found at Corporate Center. Workpapers included with this update filing,
29 Attachment A, show how the factors were calculated, and that they are consistent with the
30 indexes used by SDG&E and SoCalGas.

1 Both the Non-Labor and average Labor factor have decreased for 2016 in this Update,
2 resulting in \$450,000 lower allocations to SDG&E, and \$477,000 lower allocations to SoCalGas.

3 The only FERC account affected by the update in escalation factors in this testimony is
4 F923.1, Outside Services Employed, which are workpaper groups 1SE000-001 for SDG&E and
5 2SE000-001 for SoCalGas. Other FERC accounts itemized above were all forecasted as non-
6 standard costs for 2016, with no further escalation impact.

7 This concludes my prepared update testimony.

1 **III. UPDATE TESTIMONY OF DEBBIE S. ROBINSON ON BEHALF OF SDG&E**
2 **AND SOCALGAS – EMPLOYEE BENEFITS**

3 The purpose of this testimony is to provide an updated estimate of the TY 2016 medical
4 premium escalation for SDG&E and SoCalGas. As explained on page DSR-19 in my direct
5 testimony chapters (Exhibit 193 for SDG&E, and 191 for SoCalGas), SDG&E and SoCalGas
6 negotiate medical premium rates with its insurance carriers on an annual basis. SDG&E's and
7 SoCalGas' 2016 forecast is based on final renewal rates negotiated with the health insurance
8 carriers. The medical trend forecast for TY 2016 was prepared by Towers Watson, SDG&E's
9 and SoCalGas' actuary and benefits broker, taking into account California and national data,
10 workforce demographics, historical utilization data, and medical plan design.

11 Sempra's medical benefits costs for 2016 increased at a higher rate than was expected at
12 the time of the November 2014 Application. The projected aggregate rate increase for 2016 was
13 7.8 percent. SDG&E and SoCalGas now have tentative agreements with medical carriers on
14 actual medical premium rates for 2016, which are 9.3% and 13%, respectively. My direct
15 testimony assumed 2016 medical costs of \$50,179,000 for SDG&E and \$89,763,000 for
16 SoCalGas. Based on tentative agreements with our medical carriers, we expect SDG&E's 2016
17 medical costs to be \$50,673,000 (an increase of \$494,000 compared to Ms. Robinson's
18 testimony) and \$93,154,000 for SoCalGas (an increase of \$3,391,000 compared to Ms.
19 Robinson's testimony). This update reflects medical premium escalation only. This increase has
20 not been reflected in Corporate Center cost allocations. The number of employees enrolled in
21 each medical plan remains unchanged. Please see Attachment B for workpapers associated with
22 this update.

23 This concludes my prepared update testimony.

1 **IV. UPDATE TESTIMONY ON POSTAGE EXPENSES**

2 **A. UPDATE TESTIMONY OF BRADLEY M. BAUGH ON BEHALF OF**
3 **SDG&E – POSTAGE**

4
5 The purpose of this testimony is to provide an updated estimate of the TY 2016 postage
6 expense for SDG&E due to a postage rate increase.

7
8 **Non-Shared Services (NSS) 100004.001 – Postage**

9 The increase in the estimated postage expense is due to a one cent postage rate increase
10 which became effective June 1, 2015. The postage rate increase results in a \$72,000 increase in
11 2015 and \$119,000 increase in TY 2016 forecasted postage expenses.

12 **TABLE BMB-U-1**

	Original Application			Update		Change	
	2014	2015	2016	2015	2016	2015	2016
Weighted Postage Rate	\$ 0.400	\$ 0.400	\$ 0.400	\$ 0.406	\$ 0.410	\$ 0.006	\$ 0.010
In \$000's							
Postage							
Expense	\$ 4,959	\$ 5,077	\$ 5,123	\$ 5,189	\$ 5,318	\$ 112	\$ 195
Savings	\$ (335)	\$ (558)	\$ (790)	\$ (598)	\$ (866)	\$ (40)	\$ (76)
Total Forecast	\$ 4,624	\$ 4,519	\$ 4,333	\$ 4,591	\$ 4,452	\$ 72	\$ 119

13 * Effective June 1, 2015 USPS rates increased by 1 cent. The 2015 postage forecast includes 5 months of data
14 at the 2014 rates and 7 months of data at the updated rate. The 2016 forecast assumes the updated rate for the
15 entire year.

16 Workpapers provided in Attachment C are the three updated supplemental workpapers
17 which include the calculation used to derive the updated forecast for Exhibit 102 (SDG&E-14-
18 WP-R "Redacted" version) and Exhibit 103 (SDG&E-14-CWP-R "Confidential" version) for
19 Non-Shared Services workgroup 100004.001 shown on pages 73-75.

This concludes my prepared update testimony.

**B. UPDATE TESTIMONY OF EVAN D. GOLDMAN ON BEHALF OF
SOCALGAS – CREDIT AND COLLECTIONS-POSTAGE AND
REMITTANCE PROCESSING-POSTAGE**

The purpose of this testimony is to provide an updated estimate of the TY 2016 postage expense for SoCalGas due to a postage rate increase.

NSS 20O004.001 – Credit and Collections-Postage

The increase in the estimated postage expense is due to a one cent postage rate increase which became effective June 1, 2015. The postage rate increase results in an \$11,000 increase in 2015 and an \$18,000 increase in TY 2016 forecasted Credit and Collections-Postage expenses.

TABLE EDG-U-1

	Original Application			Update*		Change	
	2014	2015	2016	2015*	2016*	2015	2016
Postage Rate	\$0.406	\$0.406	\$0.406	\$0.412	\$0.416	\$0.006	\$0.010
In \$000's							
Postage Expense	\$1,899	\$1,899	\$1,899	\$1,914	\$1,925	\$15	\$26
Postage Savings	(\$591)	(\$591)	(\$591)	(\$596)	(\$599)	(\$5)	(\$8)
Total Forecast	\$1,308	\$1,308	\$1,308	\$1,319	\$1,326	\$11	\$18

* Effective June 1, 2015 USPS rates increased by 1 cent. The 2015 postage forecast includes 5 months of data at the 2014 rates and 7 months of data at the updated rate. The 2016 forecast assumes the updated rate for the entire year.

Workpapers provided in Attachment D include the calculations used to derive the updated forecast for EX-SCG-111 (SCG-11-WP “Redacted” version) and Exhibit 112 (SCG-11-CWP “Confidential” version) for Non-shared Services workgroup 20O004.001 shown on pages 77 and 83 of 305.

NSS 20O005.001 – Remittance Processing-Postage

The increase in the estimated postage expense is due to a one cent postage rate increase which became effective June 1, 2015. The postage rate increase results in a \$263,000 increase in 2015 and a \$434,000 increase in TY 2016 for Remittance Processing-Postage expenses.

1

TABLE EDG U-2

	Original Application			Update*		Change	
	2014	2015	2016	2015	2016	2015	2016
Postage Rate Billing Letters	\$0.4052	\$0.4052	\$0.4052	\$0.4110	\$0.4152	\$0.006	\$0.010
Postage Rate Paper Bills	\$0.3835	\$0.3835	\$0.3835	\$0.3893	\$0.3935	\$0.006	\$0.010
In \$000's							
BY 2013 Postage Expenses	\$17,521	\$17,521	\$17,521	\$17,521	\$17,521	\$ -	\$ -
Incremental Postage Costs for Meter Growth	\$ 84	\$ 233	\$ 412	\$ 233	\$ 412	\$ -	\$ -
Incremental Postage Costs for USPS Rate Increase	\$ 1,425	\$ 1,434	\$ 1,445	\$ 1,831	\$ 2,131	\$ 397	\$ 686
Savings from Paperless Adoption	\$ (1,140)	\$ (1,923)	\$ (2,727)	\$ (2,057)	\$ (2,978)	\$ (135)	\$ (252)
Total Postage Expense Forecast	\$17,891	\$17,266	\$16,652	\$17,528	\$17,086	\$ 263	\$ 434

* Effective June 1, 2015 USPS rates increased by 1 cent. The 2015 postage forecast includes 5 months of data at the 2014 rates and 7 months of data at the updated rate. The 2016 forecast assumes the updated rate for the entire year.

2

3

4

5

6

7

8

Workpapers provided in Attachment D include the calculations used to derive the updated forecast for Exhibit 111 (SCG-11-WP “Redacted” version) and Exhibit 112 (SCG-11-CWP “Confidential” version) for Non-shared Services workgroup 200005.001 shown on pages 94 and 100 of 305.

This concludes my prepared update testimony.

1 **V. UPDATE TESTIMONY OF RAGAN REEVES ON BEHALF OF SDG&E AND**
2 **SOCALGAS – TAXES**

3 In accordance with the Commission’s Rate Case Plan, this testimony updates the SDG&E
4 and SoCalGas proposed payroll tax and ad valorem tax forecasts for known changes due to
5 governmental actions, including changes in rates and changes in assessed valuation. These
6 updates replace the rates previously shown in my revised direct testimony, Exhibit 247
7 (SDG&E-29-R) for SDG&E and Exhibit 244 (SCG-28-R) for SoCalGas.

8 **A. PAYROLL TAXES**

9 SDG&E and SoCalGas have updated payroll taxes to account for the following change
10 brought about by governmental action occurring since the Application was filed. On October 22,
11 2014, the Social Security Administration (“SSA”) issued a news release setting the actual 2015
12 Old Age Survivors Disability Insurance (“OASDI”) wage base limit at \$118,500, which is lower
13 than the forecasted 2015 OASDI wage base of \$119,100 provided by the SSA in its 2014 Annual
14 Report released in July 2014 that was used to calculate payroll taxes in the Application.

15 In addition SDG&E’s payroll taxes have been updated to account for the following three
16 changes brought about by governmental action occurring since the Application was filed (these
17 changes have no impact on SoCalGas’ payroll taxes): 1) On December 31, 2014, the California
18 Employment Development Department (“EDD”) set the 2015 State Unemployment Insurance
19 (“SUI”) rate for SDG&E and SoCalGas at 3.6% (not including the 0.10% Employment Training
20 Tax), which is lower than the 3.7% SUI rate used by SDG&E to forecast payroll taxes in the
21 Application. SoCalGas forecasted an SUI rate of 3.6% in its Application; therefore, no update is
22 necessary for SoCalGas; 2) On December 19, 2014, the Nevada Department of Employment,
23 Training & Rehabilitation (“Nevada DETR”) set the 2015 Nevada SUI rate for SDG&E at 0.6%
24 (including a 0.05% Career Enhancement Program component), which was lower than the 0.9%
25 Nevada SUI rate used by SDG&E to forecast payroll taxes in the Application; and 3) Effective
26 January 1, 2015, the Nevada DETR set the actual 2015 Nevada SUI wage base limit at \$27,800,
27 which was higher than the \$26,900 wage base limit used by SDG&E to forecast payroll taxes in
28 the Application.

29 The 2016 test year composite payroll tax rate did not change for either SDG&E or
30 SoCalGas as a result of these governmental actions. Accordingly, the composite payroll tax rates

1 for the 2016 test year remain the same as the rates forecasted in the Application of 6.89% for
2 SDG&E and 7.63% for SoCalGas.

3 **B. AD VALOREM TAXES**

4 Following the Application filing, SDG&E and SoCalGas received new assessed
5 valuations for ad valorem taxes from the California State Board of Equalization for the lien date
6 January 1, 2014. These new assessed values form the basis for ad valorem taxes paid for the
7 period July 1, 2014 to June 30, 2015. In addition, in November 2014, SDG&E and SoCalGas
8 received tax bills with the ad valorem tax rates for the same period. This update reflects impact
9 of the actual 2014 assessed valuations established by the State Board of Equalization and the
10 new ad valorem tax rates in the most recent ad valorem tax bills received by SDG&E and
11 SoCalGas.

12 The updated composite ad valorem tax rates for the 2016 test year resulting from
13 governmental actions by counties in which SDG&E and SoCalGas have property is 1.5121469%
14 for SDG&E and 1.2627945% for SoCalGas. SDG&E reflected this change in the composite ad
15 valorem tax rate for the 2016 test year in its Revised Testimony and Revised Workpapers filed in
16 March 2015. SoCalGas' change in the ad valorem composite tax rate for the 2016 test year was
17 not updated in SoCalGas' Revised Testimony or Revised Workpapers, because, unlike SDG&E,
18 the changes from the Application were not material for SoCalGas. Accordingly, consistent with
19 the Commission Rate Case Plan, SoCalGas is updating its ad valorem taxes and composite ad
20 valorem tax rate for the 2016 test year in this update testimony. SoCalGas' composite ad
21 valorem tax rate for the 2016 test year reflected in its Revised Testimony was 1.2644594%.

22 //

23 //

24

1 The table below shows the impact on SoCalGas' capitalized and O&M ad valorem taxes
2 for the 2016 test year:

	March 2015 Revised <u>Testimony</u>	August 2015 Update <u>Testimony</u>
SoCalGas (\$000)		
2016 Capitalized Ad Valorem Tax on CWIP	3,752	3,436
2016 Calendar Year Ad Valorem Expense	51,427	51,356

3
4 This concludes my prepared update testimony.

1 **VI. UPDATE TESTIMONY OF REGINALD M. AUSTRIA ON BEHALF OF**
2 **SOCALGAS – REGULATORY ACCOUNTS**

3
4 This update testimony addresses SoCalGas’ regulatory accounts as presented in my
5 original direct testimony, Exhibit 250 (SCG-33), for recorded activity through June 30, 2015 and
6 forecasted activity from July 1 through December 31, 2015. As presented in Exhibit 250 (page
7 RMA-3, lines 9-11), SoCalGas requests authority to incorporate updated December 31, 2015
8 forecasted regulatory account balances into the 2016 GRC adopted rates. This update exhibit
9 ensures that the 2016 GRC rates are based on forecasted regulatory account balances that reflect
10 the most current information available. The updated regulatory account balances as presented in
11 this exhibit will be incorporated into the development of the adopted 2016 GRC rates. Please see
12 Attachment E, for workpapers associated with this update.

13 The updated regulatory account balances as of December 31, 2015 are as follows:

	(\$ in Thousands)
Research Development & Demonstration Expense Account (RDDEA)	\$ (739)
Natural Gas Appliance Testing Memorandum Account (NGATMA)	1,947
General Rate Case Memorandum Account (GRCMA)	0
Total Balance (excluding FF&U)	\$ 1,208

14
15 This compares to the original forecast of the regulatory account balances as presented in
16 my direct testimony:

	(\$ in Thousands)
Research Development & Demonstration Expense Account (RDDEA)	\$ (728)
Natural Gas Appliance Testing Memorandum Account (NGATMA)	1,944
General Rate Case Memorandum Account (GRCMA)	0
Total Balance (excluding FF&U)	\$ 1,216

17
18
19 This concludes my prepared update testimony.

1 **VII. UPDATE TESTIMONY OF KHAI NGUYEN ON BEHALF OF SDG&E AND**
2 **SOCALGAS – RESULTS OF OPERATIONS**

3 The purpose of this testimony is to summarize the updated SDG&E and updated
4 SoCalGas revenue requirements. The updated revenue requirement for SDG&E is
5 \$1,895,437,000 on a combined basis and \$1,571,249,000 and \$324,188,000 for electric and gas
6 departments, respectively. The updated revenue requirement for SoCalGas is \$2,331,187,000.
7 These updates replace the revenue requirement shown in my revised direct testimony, Exhibit
8 219 (SDG&E-36-R) for SDG&E and Exhibit 218 (SCG-34-R) for SoCalGas. The appendix of
9 my testimony includes the Summary of Earnings and Results of Operations Tables for each
10 company, see sections “SoCalGas Tables” for SoCalGas and “SDG&E Tables” for SDG&E.

11 The update revenue requirements were developed beginning with SDG&E’s and
12 SoCalGas’ Revised Testimony filing revenue requirements submitted in March 2015 and adding
13 adjustments for escalation, medical benefits, postage, payroll tax and ad valorem tax pursuant to
14 the Commission’s Rate Case Plan. Detailed explanations of these changes can be found in the
15 update testimony chapters submitted by various SDG&E and SoCalGas witnesses (Sections II. to
16 V.).

17 In addition to updating the items above, the revenue requirements reflect other changes.
18 As mentioned in the introduction, also included are changes agreed to by SDG&E and SoCalGas
19 during the course of discovery, in rebuttal testimony, or at hearings; see Attachments F
20 (SDG&E) and G (SoCalGas) for listings of the changes. A reference to a rebuttal exhibit
21 number, data request response, or hearings transcript volume and page number relate the source
22 of each change.

23 Finally, a coding discrepancy was identified in the Rate Base calculation in the Results of
24 Operations (RO) Model related to the enhancement of the monthly capital expenditure
25 allocations from a monthly to an annual basis. The RO Model has been corrected and the impact
26 to the SDG&E and SoCalGas revenue requirement is included in this update. Due to the timing
27 of this update filing, due August 17, 2015, any additional changes that may occur during further
28 hearings set to begin on September 24, 2015, are not incorporated in the updated revenue
29 requirements.

30 This concludes my prepared update testimony.

Workpaper to Update Testimony of Debbie S. Robinson
(Employee Benefits)

SDG&E													
Projected Medical Cost													
For Years 2014-2016													

ASSUMPTIONS

	Projected		
	2014	2015	2016
1. Total headcount based on number of employees as of April 2014 plus estimated increases or decreases based on planner input.	4,770	4,821	4,876
2. Projected adjusted non-represented headcount is as follows:	3,386	3,438	3,476
3. Projected adjusted represented headcount is as follows:	1,384	1,383	1,400
4. Participation in type and level of coverage for 2014-2016 is calculated using actual enrollment as of April 2014 (a1) for total headcount (including any changes).			
5. "Annual Employer Share of Premium" (b) for 2014 and 2015 reflect actual and 2016 preliminary negotiated premiums net of employee contributions			
6. "Annual Employer Share of Premium" (b) in 2016 are the actual negotiated preliminary premiums net of employee contributions			
7. Employer medical costs for inactive employees for 2014 are the annualized March 2014 costs. Those costs in 2015 are based on actual and in 2016 are based on preliminary, rates for those years.			
8. Retiree shift deduction is cost of the "Total ER Premium" shifted to the postretirement medical plans and calculated using percentages provided by Towers Watson. This is done because medical rates for active employees and retirees under the age of 65 are negotiated together and therefore causes active rates to be higher than they would be if negotiated separately. The projected 2014 credit is projected based on credits taken through March 2014 and increases in 2015-2016 by half of the increase in employer portion of medical costs.

<====Add to previous year number of paper bills per meter to calculate current year

<==== In 2013 there was a slowdown in the year over year rate of reduction in paper bills per meter. 2014 forecasts assume the same slowdown as 2013 and also adjust for a one time event (FISERV Easy Activation) that increased the adoption rate for Consolidator e-Bills in 2013. 2015 & 2016 assume the same rate of increase as projected for 2014.

Forecast 2014 2015 2016
