Energy Division California Public Utilities Commission 505 Van Ness Avenue San Francisco, CA 94102

# **REPORT OF SAN DIEGO GAS & ELECTRIC COMPANY ON INTERRUPTIBLE LOAD AND DEMAND RESPONSE PROGRAMS FOR NOVEMBER 2022**

Dear Energy Division:

In accordance with Decision 09-08-027, Ordering Paragraph 39, attached to this email please find San Diego Gas & Electric Company's ("SDG&E") monthly report referenced above. This report is being served on the most recent service list in Application 08-06-001, 08-06-002 and 08-06-003, 11-03-001, 11-03-002, 11-03-003, and R.13-09-011, and has been made available on SDG&E's website. The URL for the website is:

https://www.sdge.com/regulatory-filing/711/amended-2009-2011-sdges-demand-response-application\_

If you have any questions regarding this information, please contact me.

Kind Regards,

Kathy Anisovets

<u>/s/ Kathy Anisovets</u> Regulatory Case Manager

# Notes:

<sup>1</sup> The Ex-Ante average per customer estimates are based on Program Year 2020 SDG&E DR Load Impacts report filed April 1st, 2021 for the months of January thru March. The Ex-Ante average per customer estimates are based on Program Year 2021 SDG&E DR Load Impacts report filed April 1st, 2021 for the months of April thru December.

The Ex-Ante average per customer estimates for CBP Day Ahead and Day Of include the elect and non-elect option

<sup>2</sup> The Ex-Post average per customer estimates are based on Program Year 2020 SDG&E DR Load Impacts report filed April 1st, 2021 for the months of January thru March. The Ex-Post average per customer estimates are based on Program Year 2021 SDG&E DR Load Impacts report filed April 1st, 2021 for the months of April thru December for CBP Non-elect option, BIP, AC Saver Day Of (Commercial and Residential), and AC Saver Day Ahead Residential. The Ex-post per customer are based on Program Year 2021 ex-ante per customer for the year of 2021 for the programs AC Saver Day Ahead Commercial, CPP, TOU-DR-P Voluntary Residential,

TOU-A-P Small Commercial CPP, TOU-PA-P Aggricultural and CBP Elect Option due to SDG&E did not trigger these programs in 2021.

The Ex-post average per customer estimates for CBP Day Ahead and Day Of include the elect and non-elect option

3 On March 27, 2020 SDG&E filed Advice Letter 3522-E (Tier 3) proposed to close the Armed Forces Pilot. Effective September 1, 2022 and pursuant to Resolution E-5113, SDG&E's Armed Forces Pilot (AFP) was closed.

<sup>4</sup> On March 27, 2020 SDG&E filed Advice Letter 3522-E (Tier 3) proposed to close the Over Generation Pilot, SDG&E is awaiting a Decision. The Over Generation Pilot close on December 31, 2020.

- The reduction in the number of customers on AC Saver Day-Ahead Commercial in March is due to the un-enrollment of customer with thermostat that had been offline for more then 18 months.

- Capacity Bidding Program reports the number of nominations not enrollments.

- Count of Service Accounts reported for TOU-PA-P Agricultural. TOU-A-P Small Commercial and TOU-DR-P Voluntary Residential for April 2021 includes accounts enrolled through May 13, 2021 due to Envision cutover data validation activities.

- The reduction in the number of customer on AC Saver day-ahead residential in June, is due to approximately 2,500 customers with Google-Nest devices did not agree to the new Google terms and conditions.

er	Eligible Accounts as of January	Eligibility Criteria (Refer to tariff for specifics)
66		Direct Participation Customers: Any non-residential customer who can commit to reducing at least 15% of their Monthly Average Peak Demand, may participate in Schedule BIP with the Utility. Aggregator Customers: Any non-residential customer may participate in Schedule BIP through an aggregator. This tariff is available to bundled, Direct Access (DA Community Choice Aggregation (CCA) customers.
31	24,298	This Schedule is the default commodity rate for customers currently receiving bundled utility service on a commercial/industrial rate schedule for customers whose Maximum Mor Demand is equal to or exceeds or is expected to equal or exceed 20 kW for twelve consecutive months. This Schedule is not applicable to Direct Access (DA) or Community Cho Aggregation (CCA) customers.
00		AC Saver Day Ahead (thermostats) is a voluntary demand response program available to all residential customers with air conditioner (AC) units installed at their premise with SE approved technology capable of curtailing the customers' AC unit. Residential customers with Net Energy Metering are eligible for this schedule. This schedule is available to cus receiving Bundled Utility Service or, Direct Access (DA) service and billed by the Utility. Service on this schedule must be taken in combination with the customer's otherwise app rate schedule. Note: AC Saver Day Of we used 54% based on 2019 California Residential Appliance Saturation Survey (RASS) report.
00	133 226	AC Saver Day Ahead (thermostats) is a voluntary demand response program available to all commercial customers with air conditioner (AC) units installed at their premise with S approved technology capable of curtailing the customers' AC unit. This schedule is available to customers receiving Bundled Utility Service or, Direct Access (DA) service and bill the Utility. Service on this schedule must be taken in combination with the customer's otherwise applicable rate schedule. Note: AC Saver Day Of we used 85% based on comme estimates.
00	590,220	AC Saver is a voluntary demand response program available to all residential customers with air conditioner (AC) units installed at their premise with SDG&E approved technolog capable of curtailing the customers' AC unit. Residential customers with Net Energy Metering are eligible for this schedule. This schedule is available to customers receiving Bund Utility Service or, Direct Access (DA) or Community Choice Aggregation (CCA) service and billed by the Utility. Service on this schedule must be taken in combination with the customers applicable rate schedule. Note: AC Saver Day Of in the past we used 54% based on 2019 California Residential Appliance Saturation Survey (RASS) report.
00	133,226	AC Saver Day Of (switches) is a voluntary demand response program available to all commercial customers with air conditioner (AC) units installed at their premise with SDG&E approved technology capable of curtailing the customers' AC unit. This schedule is available to customers receiving Bundled Utility Service or, Direct Access (DA) or Community Aggregation (CCA) service and billed by the Utility. Service on this schedule must be taken in combination with the customer's otherwise applicable rate schedule. Note: AC Save Of we used 85% based on commercial estimates
00		This schedule is available to commercial and industrial Utility customers receiving Bundled Utility service, Direct Access ("DA") service or Community Choice Aggregation ("CCA") service, and being billed on a Utility commercial, industrial or agricultural rate schedule.
00		This schedule is available to commercial and industrial Utility customers receiving Bundled Utility service, Direct Access ("DA") service or Community Choice Aggregation ("CCA") service, and being billed on a Utility commercial, industrial or agricultural rate schedule.
13	1,292,629	This optional tariff provides residential customers with the opportunity to manage their electric costs by either reducing load during high cost pricing periods defined as a Reduce Use (RYU) Event Day, or shifting load from high cost pricing periods to lower cost pricing periods. This Schedule is not applicable to commercial customers. This Schedule is not applicable to Direct Access (DA), Transitional Bundled Service (TBS) or Community Choice Aggregation (CCA) customers.
00	120,672	This tariff provides commercial customers with the opportunity to manage their electric costs by either reducing load during high cost pricing periods defined as a Reduce Your Us (RYU) Event Day, or shifting load from high cost pricing periods to lower cost pricing periods. Except as set forth below, this Schedule is the default commodity rate for customers currently receiving bundled utility service on a small non-residential rate schedule; or a medium/large non-residential rate schedule with a Maximum Monthly Demand below 20 kV three consecutive months. This Schedule is available to general service including lighting, appliances, heating, and power, or any combination thereof, including common use and facility is separately metered. In order for this Schedule to take effect, the customer must have a smart meter installed, tested, and verified according to Utility procedures. This S is not applicable to any customer whose Maximum Monthly Demand equals, exceeds, or is expected to equal or exceed 20 kW for 12 consecutive months. This Schedule is not applicable to residential customers, except for those three-phase residential customers taking service on this schedule is not applicable to residential customers, except for those three-phase residential customers taking service on this schedule while service continues in their name at the same service address. Those three-phase residential customers remaining on this S conduct of CCA) customers.
04	2,822	This Schedule is the standard Schedule for customers whose monthly maximum demand does not exceed 20kW for no more than 3 out of 12 consecutive months for general pow service utilized to pump water, or in the production of agricultural products including feed choppers, milking machines, heaters for incubators, brooders, poultry house and flower production lighting, but excluding power service used for the processing of agricultural products, general or protective lighting, or domestic household uses. This schedule is avail agricultural and water pumping customers.

Notes:

<sup>1</sup> SDG&E's prior reports did not include bill credits for January 2022 through June 2022 due to software reprogramming issues. Those issues were resolved in the July 2022 report and reflected in this report. <sup>2</sup> Negative amount in January is due to an accrual reversal and true-up of December actual program expenditures.

<sup>3</sup> Negative amount in March is primarily due to the correction of prior period labor costs allocations.

<sup>4</sup> Program Cycle to Date column "O" has been revised to include December 2021 Bill Credits.

<sup>5</sup> Negative amount in July is due to the reversal of June program expense accruals. These program expenditures were trued-up in a subsequent month and reflected in this report.

Notes:

#### SAN DIEGO GAS & ELECTRIC COMPANY REPORT ON INTERRUPTIBLE LOAD AND DEMAND RESPONSE PROGRAMS FUND SHIFT LOG Program Cycle to Date (2018 - 2022)

Program Category	Fund Shift	Programs Impacted	Date	Rationale for Fund Shift
Category 1: Supply Side DR Programs	(\$234,498)	Capacity Bidding Program (CBP)	7/21/2018	Per Resolution E-4906 (issued 7/21/18), Ordering Paragraph 30 approved a total fund shift of \$934,498 of which \$234,498 shifted from the Capacity Bidding Program to support the Back Up Generators (BUGs) prohibited resources restrictions.
Category 4: Emerging & Enabling Technologies	(\$700,000)	Technology Incentives (TI)	7/21/2018	Per Resolution E-4906 (issued 7/21/18), Ordering Paragraph 30 approved a total fund shift of \$934,498 of which \$700,000 to be shifted from the Technology Incentives Program to support the Back Up Generators (BUGs) prohibited resources restrictions.
Category 7: Portfolio Support	(\$194,400)	EM&V	7/23/2018	Per SDG&E's AL 3031-E-B (filed July 23, 2018) a total of \$194,400 to be shifted from EM&V funds for the cost to test the installation of loggers, meters and the cost of the verification administrator to support the Back Up Generators (BUGs) prohibited resources restrictions.
AMDRMA	\$1,128,898	Back Up Generation Resources (BUGs)	7/21/2018	Per Resolution E-4906 (issued 7/21/18), Ordering Paragraph 30 approved a total fund shift of \$934,498 to support the Back Up Generators (BUGs) prohibited resources restrictions. Per SDG&E's AL 3031-E-B (filed July 23, 2018) a total of \$194,400 to be shifted from EM&V funds for the cost to test the installation of loggers, meters and the cost of the verification administrator to support the Back Up Generators (BUGs) prohibited resources restrictions.
Category 7: Portfolio Support	(\$166,000)	Regulatory Policy & Program Support (Gen. Admin.)	8/18/2020	Shifting the funds to IT will allow SDG&E to properly maintain systems to ensure compliance and customer experience. IT is projected to be overspent; M&E and Policy (Gen Admin) have unspent dollars that can be applied towards the IT shortfall.
Category 7: Portfolio Support	(\$400,000)	EM&V	8/18/2020	Shifting the funds to IT will allow SDG&E to properly maintain systems to ensure compliance and customer experience. IT is projected to be overspent; M&E and Policy (Gen Admin) have unspent dollars that can be applied towards the IT shortfall.
Category 7: Portfolio Support	\$566,000	IT Infrastructure & Systems Support	8/18/2020	Shifting the funds to IT will allow SDG&E to properly maintain systems to ensure compliance and customer experience. IT is projected to be overspent; M&E and Policy (Gen Admin) have unspent dollars that can be applied towards the IT shortfall.

Notes:

<sup>1</sup> SDG&E's prior reports did not include bill credits for January 2022 through June 2022 due to software reprogramming issues. Those issues were resolved in the July 2022 report and reflected in this report.

<sup>2</sup> Negative amount in January is due to an accrual reversal and true-up of actual program expenditures.

<sup>3</sup> Negative amounts in February/May/November are due to accrual reversals and true-up of actual program expenditures.

<sup>4</sup> February credit is related to Contractual Agreement Discount on Timely Payments.

<sup>5</sup> Negative amount in March is primarily due to the correction of prior period labor costs.

<sup>6</sup> Negative amount in April is due to an accrual reversal and true-up of actual program expenditures.

<sup>7</sup> Negative amount in May/November is due to the reclassification of expense to pre-paid in order to amortize the expense over the periods in which they are incurred.

<sup>8</sup> Negative amount in July is due to the reversal of June program expense accruals. These program expenditures were trued-up in a subsequent period and reflected in this report.

<sup>9</sup> Negative Amount in August is due to correction of prior period labor cost allocations.

<sup>10</sup> Negative amount in August is due to an accrual reversal and true-up of actual program expenditures.

<sup>11</sup>Negative amount in August is due to a correction of program expenditures from CBP to CBP Elect Incentives Only.

NOTE: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments. (End of page)

Notes:

<sup>1</sup> Rule 32 click-through was approved in Decision 17-06-005.

<sup>2</sup> Rule 32 Operations was approved in AL 3191-E.

<sup>3</sup> Rule 32 CISR Enhancement was approved in AL 3136-E.

<sup>4</sup> Negative amount in March was primarily due to the correction of prior period labor costs allocations.

<sup>5</sup> As of July 2022, the Rule 32 technology platform was fully depreciated. Starting in August 2022, this asset will no longer have any capital related costs for monthly depreciation or return on rate base.

NOTE: Any required corrections/adjustments are reported herein and supersede results reported in prior months and may reflect YTD adjustments.
